Dear Mental Health School Professional,

As a career professional in Counseling and Special Education Services in Fairfield County's public schools, I am thrilled to begin a new role with Integrated Mental Health Services LLC in Newtown, CT. IMHS provides linkages among schools, managed care companies, primary care and other non-psychiatric health practices to facilitate access to quality mental health services.

My goal, working with founder Jeannie Pasacreta, PhD, APRN, and Psychiatric Clinician, is to offer school mental health professionals the many services of our practice. One of the main reasons for my decision to join IMHS is my frustration that often a student's treatment plan is not cohesive. For example, in most cases, the student may receive medications from a doctor, and receive therapy from another practice or no therapy at all. Too often, opportunities for collaboration among the professionals are missed and the treatment plan is not adjusted as soon as it should be. This causes both the student and the family to suffer needlessly.

We have openings for referrals and welcome the opportunity to discuss our individualized and cohesive approach, which focuses on developing real strategies for enacting positive change. In fact, we would like to hear from you in a 5-minute *anonymous* survey about the topics or challenges you face every day. As a thank you for completing the survey, we will email you a summary of the results by November 15th.

Survey questions:

- As a mental health professional what is your greatest concern in regards to student mental health care?
- What would you like to see available to the students you work with outside of school hours?
- What topics for professional development webinars would you be more inclined to attend?

Thank you so much for your time. We look forward to seeing the insights you share. Please reach out to me by phone or email below to talk further about our services. My bio is also included in our website. I look forward to speaking with you.

Best wishes for a wonderful 2021-22 School Year!

Warmest Regards,

Maria Morabito, CAS, LPC
Licensed Professional Counselor
Certificate of Advanced Studies- Educational Leadership
Special Education Educator K-12
